+45 40479363

## Academic education

- 2021- Aarhus University, PhD in Chemistry  
*Project title: "Quantum Computer Design: Single Molecule Magnets Meet DNA Nanotechnology"*
- 2020 - Aarhus University, MSc in Chemistry  
*Specialisation in Materials Science*  
*Chemistry project on molecular magnetism with thesis title: "Experimental and Theoretical Charge Density Study of Two Tetranuclear Transition-Metal Clusters"*
- 2017-2020 Aarhus University, BSc in Chemistry  
*Bachelor's project on molecular magnetism with thesis title: "Experimental Charge Density Study of Single Molecule Magnet with Four Ni(II) Centres"*

## Relevant non-academic employment

- 2016-2017 Laboratory assistant at the Danish Veterinary and Food Administration  
Laboratory in Aarhus

## Relevant volunteer activities

- 2018 - Mentor and organizer of the Danish Chemistry Olympiad at Aarhus University
- 2017 Guide at the European Science Olympiad (EUSO 2017) in Copenhagen
